Overall Height:

86.0 millimeters

Overall Width:

230.0 millimeters

Output Wattage Rating:

405.0 watts single power output

Battery Feature And Type:

Rechargeable lead acid cell

Special Features:

Input voltage: 230v; input frequency: 50/60 hz; input current: 10a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
