Overall Length:

7.480 inches

Special Features:

140 watt redundant power supply , voltage rating: 100vac to 240vac , input voltage range: 90vac to 264vac, input frequency: 47hz to 63hz , output voltage: +12v , min load current: 0.5a , maximum load current: 5.0a , operating temp: 0 degrees to -40 degrees celsius, includes 1 rpsu cable and 1 ac power cord

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
