**Overall Length:**

17.500 inches

**Overall Height:**

7.500 inches

**Overall Width:**

15.000 inches

**Installation Design:**

Portable case and slide

**Features Provided:**

Input voltage range switch and input frequency range switch and circuit overload protection device

**Product Name:**

Ac/dc power supply docking station

**Special Features:**

For tactical radios dismounted; use of sincgars; worldwide applications; supports two sincgars vaa: rt-1523a through f, two am-7238b rfpas;

**Special Test Features:**

Battle tested

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A39900
