Overall Length:

6.60 inches

Overall Height:

0.75 inches

Overall Width:

5.20 inches

Special Features:

Dc/dc converter assembly (tcr014054-10) is a matched pair of pico fa48sp (tcr900019-01) high power dc-dc converters attached to a custom pcb, designed specifically to fit on and operate in the ngls-d audio assembly. Input voltage range of 18-36 vdc. Maintains regulated output. Overvoltage, over temperature and continuous short circuit protection. Frequency response is 100khz. Quick release connectors attached to the pcb for ease of removal and installation. P/o ngls-d audio assembly; weight: 12 ounces;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
