End Application:

Pushbutton st

Output Voltage Rating:

132.0 ac volts multiple power outputs w/identical ratings

Product Name:

Power module w/latch

Special Features:

: contains panel gasket, diaphragm seal, diaphragm retainer return spring, button cap, lens, knob, metal bezel bushing and jam nut, diffuser, metal mounting ring, housing, low voltage terminals and boot

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
