Overall Height:

89.0 millimeters

Overall Width:

426.0 millimeters

End Application:

Computer

Product Name:

Uninterruptible power supply

Special Features:

Built in surge protection, micro processor control and communications, 2u rack mount enclosure, wide input voltage window

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A39900
