Inclosure Material:

Plastic

Overall Depth:

287.9 millimeters

Overall Height:

157.6 millimeters

Overall Width:

445.0 millimeters

Ac Voltage Rating:

Between 100.0 volts and 240.0 volts

Inclosure Type:

Case

Charger Type:

Solid state semiconductor

Special Features:

Weight 3750 grams; 6 charging pockets; no display; used for charging nicd/nimh/lilon batteries; line cord/uk

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31600
