End Application:

Panel control, p/n 200229-014/200229-004

Input Voltage Rating:

480.0 ac volts and 575.0 ac volts single operating power rqmt

Output Voltage Rating:

24.0 dc volts single power output

Input Frequency Rating:

47.0 hertz and 63.0 hertz single operating power rqmt

Operating Ambient Temperature Range:

-4.0 to 167.0 degrees fahrenheit

Output Wattage Rating:

240.0 watts single power output

Output Phase:

Three single power output

Power Supply Efficiency Battery:

87.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A39900
