Product Name:

Power adapter

Special Features:

Input 8.6-17.0 vdc, under voltage/over voltage protection, reverse polarity protections, over current protection, electrical performance tested to mil-std-461e, environmental performance tested to: mil-std-810g, weight: 250grams.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
