**Product Name:**

Power adapter

**Special Features:**

Input 8.6-17.0 vdc, under voltage/over voltage protection, reverse polarity protections, over current protection, electrical performance tested to mil-std-461e, environmental performance tested to: mil-std-810g, weight: 250grams.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
