Overall Length:

17.32 inches

Input Phase:

Single single operating power rqmt

Input Voltage Rating:

248.30 ac volts single operating power rqmt

Output Voltage Rating:

230.0 ac volts single power output

Input Frequency Rating:

40.0 hertz and 70.0 hertz single operating power rqmt

Output Frequency Rating:

50.0 hertz and 60.0 hertz single power output

Output Wattage Rating:

900.0 watts single power output

Output Current Rating:

1000.0 ac volt-ampere single power output

Output Phase:

Single single power output

Output Connection Type:

Receptacle, electrical single power output

Product Name:

Uninterruptible power supply

Special Features:

Form factor: mini tower; color: metallic grey;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
