Overall Length:
17.32 inches
Input Phase:
Single single operating power rqmt
Input Voltage Rating:
248.30 ac volts single operating power rqmt
Output Voltage Rating:
230.0 ac volts single power output
Input Frequency Rating:
40.0 hertz and 70.0 hertz single operating power rqmt
Output Frequency Rating:
50.0 hertz and 60.0 hertz single power output
Output Wattage Rating:
900.0 watts single power output
Output Current Rating:
1000.0 ac volt-ampere single power output
Output Phase:
Single single power output
Output Connection Type:
Receptacle, electrical single power output
Product Name:
Uninterruptible power supply
Special Features:
Form factor: mini tower; color: metallic grey;
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No

Fiig: A39900
