Overall Length:

8.5 inches

Overall Height:

3.5 inches

Overall Width:

7.9 inches

Product Name:

Laboratory grade switching mode dc power supply

Special Features:

Output voltage (res.) 1 to 30 w; output current (res.) 1 to 20a; load voltage regulation 50 mv; line voltage regulation 20 mv; load current regulation 20 mv; power 230v, 50hz/60hz; 5.7 lbs; dual 3-digit led displays; thermostatic control fan from zero to full speed; over voltage, over-temperature, and short circuit protection; low profile and small footprint; complete with power cord

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A39900
