Overall Length:

0.941 inches

Overall Width:

0.394 inches

Input Impedance Rating:

50.0 ohms

Product Name:

Oma plug to sma jack adapter

Special Features:

Frequency range dc 0-18 ghz; vsw (return loss) 1.3 max; dielectric withstanding voltage 1000 vrms, min; durabili type 100 cycles min; temperature range minus 65 degrees c to 165 degrees c; contact pin is beryllium copper; insulator is ptfe; body is brass; outer contact is phosphor bronze; sleeve is brass

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A541j0
