| Terminal Quantity: 2              |
|-----------------------------------|
|                                   |
| Terminal Type:                    |
| Stud w/nut                        |
| Overall Length:                   |
| 2.375 inches                      |
| Overall Diameter:                 |
| 0.938 inches                      |
| End Application:                  |
| Type no. An/usm-90                |
|                                   |
| Terminal Location:                |
| Тор                               |
| Voltage In Volts:                 |
| 0.9                               |
| Special Features:                 |
| Sealed metallic case; single cell |
| Shape:                            |
| Cylindrical                       |
| Specification Or Standard:        |
| No. Ba-245/u type                 |
| Shelf Life:                       |
| N/a                               |
| Unit Of Measure:                  |
|                                   |
| Demilitarization:                 |
| No                                |
| Fiig:                             |
| T139-a                            |
|                                   |
