Mounting Method:

Cradle

Battery Quantity:

2

End Application:

4920-01-173-0407

Component Controlling Agency:

Northrop corporation electronics division

Component Name:

Battery assembly

Component Identifying Number:

098018-301 drawing no.

Special Features:

Battery electrolyte: lithium/thionyl chloride

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-b
