Terminal Quantity:

4

Terminal Type:

Post

Overall Length:

2.600 inches

Overall Height:

1.750 inches

Overall Width:

2.330 inches

Battery Electrolyte:

Lithium

End Application:

Ac-130h

Terminal Location:

Top at each end

Storage Type:

Temperature controlled warehouse

Voltage In Volts:

3.6 and 7.0

Shape:

Rectangular w/rounded corners

Specification Data:

88818-a510a029 manufacturers source control

Fsc Application Data:

Batteries, nonrechargeable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
