Battery Electrolyte:

Lithium

End Application:

H2; hh-60h; mh-60s helo designation; sh-60b; sh-60f

Criticality Code Justification:

Agav

Product Name:

(inavy)battery, adheels, aircraft

Special Features:

Used for heels kit, lh door 01-480-5179, heels kit, rh door 01-480-5182 & adhees kit, lh 01-502-0439 for the h2 and h60 aircraft

Supplementary Features:

Consists of a quantity of 16, energizer I91, lithium ion disulfide, non rechargeable cells

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
