Terminal Quantity:

2

Overall Length:

2.400 inches

Overall Width:

1.320 inches

Commercial Battery Size Designation:

D

End Application:

1290-01-536-0128 dispensing set munition, network command

Terminal Location:

Bottom and top

Voltage In Volts:

3.3

Special Features:

Operating temp: minus 40c to 72c, terminals/connector: flat ni-plated steel can w/mylar sleeve

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T139-a
