| Terminal Quantity:                   |
|--------------------------------------|
| 1                                    |
| Terminal Type:                       |
| Flat contact                         |
| Overall Length:                      |
| 49.8 millimeters                     |
| Overall Diameter:                    |
| 14.5 millimeters                     |
| Battery Electrolyte:                 |
| Alkaline                             |
| Commercial Battery Size Designation: |
| Aa                                   |
| Product Name:                        |
| Aa battery                           |
| Voltage In Volts:                    |
| 1.5                                  |
| Shape:                               |
| Cylindrical                          |
| Shelf Life:                          |
| N/a                                  |
| Unit Of Measure:                     |
|                                      |
| Demilitarization:                    |
| No                                   |
| Fiig:                                |
| T139-a                               |
|                                      |
