Overall Height:

3.2 inches

Overall Diameter:

20.0 millimeters

End Application:

7455430-a200

Approximate Shelf Life:

10.0 hours

Product Name:

(inavy) battery, nonrecharge

Voltage In Volts:

3.0

Special Features:

Size: coin/button; cr series; neda number: 5004lc; capacity: 225mah; chemical system: lithium-manganese; termination: pressure contact; battery voltage: 3v (nom); operating temperature: -30 to +60deg c

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
