**Overall Length:**

5.900 inches

**Battery Quantity:**

3

**End Application:**

Nsn 1220-01-076-6745 computer; m1 abrams tank

**Component Controlling Agency:**

Us army

**Component Name:**

Battery

**Component Identifying Number:**

12913522 part no.

**Special Features:**

When fully charged battery assembly provides a voltage of between 3.5 and 4.3 vdc across a 600 ohm lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T139-b
