Overall Length:

7.100 inches

Overall Height:

0.900 inches

Overall Width:

2.200 inches

Separator Material:

Plastic, acrylonitrile-butadiene-styrene

Cell Quantity:

6

Integral Charging Facility:

Included

Voltage In Volts:

7.2

Special Features:

Provides typical 16 hour battery life when used in 700 or 740 calibrator, dc ni-mh cells

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
