Overall Length:

20.800 inches

Overall Height:

10.100 inches

Overall Width:

8.700 inches

Battery Electrolyte:

Acid

Commercial Battery Size Designation:

12 volt

End Application:

Application: an/fsq-143; next higher assembly p/n jec-4812205-bp battery cabinet

Voltage In Volts:

12.0

Special Features:

Battery terminal drop terminal w/copper insert; weight 152 lbs; 184 amp hour at 20 hours to 1.75 vpc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
