Terminal Type:

Snap-on

Overall Length:

1.938 inches

Overall Height:

0.665 inches

Overall Width:

1.031 inches

Terminal Location:

End

Cell Quantity:

7

Plate Material:

Nickel hydrate

Criticality Code Justification:

Feat

Case Design Type:

Sealed

Special Features:

Caution do not store, charge or use in conjunction with nickel cadmium battery, explosion possible

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
