Terminal Quantity:

4

End Application:

Power supply

Plate Material:

Calcium lead alloy

Case Design Type:

Sealed

Voltage In Volts:

12.0

Special Features:

Anderson sb50 quick disconnect connector; case is flame-retardant polymer; low-smoke cables; 17-18 ah capacity; separator material is a glass fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
