Terminal Type:

Post or rectangular post

Overall Length:

19.250 inches

Overall Height:

16.750 inches

Overall Width:

10.625 inches

Commercial Battery Size Designation:

12 volt

End Application:

Special aircraft and engine toll and support equipment

Ampere Hour Capacity:

361.00 and 450.00

Time Capacity In Hours:

5.00 and 20.00

Discharge Time In Minutes:

1050.00

Discharge Rate In Amps:

25.00

Voltage In Volts:

12.0

Special Features:

(navy)storage battery, air

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
