Battery Electrolyte:

Lead acid

Commercial Battery Size Designation:

12 volt

End Application:

Control module, dc for power unit

Integral Charging Facility:

Included

Voltage In Volts:

12.0

Special Features:

Battery unit, rechargeable primary battery; lead acid, 12 v 26ahr; qty/unit 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
