Battery Electrolyte:
Lead acid
Commercial Battery Size Designation:
12 volt
End Application:
Control module, dc for power unit
Integral Charging Facility:
Included
Voltage In Volts:
12.0
Special Features:
Battery unit, rechargable primary battery; lead acid, 12 v 26ahr; qty/unit 4
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T139-a
