Terminal Quantity:

2

Overall Length:

10.125 inches

Overall Height:

8.187 inches

Overall Width:

7.000 inches

Ventilation Design Type:

Venting accomplished through design

Battery Electrolyte:

Acid

Commercial Battery Size Designation:

12 volt

Approximate Shelf Life:

12.0 months

Cell Quantity:

6

Voltage In Volts:

12.0

Special Features:

Cold cranking amps: 770 at 0degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
