Terminal Type:

Post

Overall Length:

7.870 inches

Overall Height:

6.800 inches

Overall Width:

6.660 inches

Separator Material:

Glass

Case Material:

Metal

Battery Electrolyte:

Acid

End Application:

Battery box assembly, rmv, 7386065 (53711)

Terminal Location:

Top

Ampere Hour Capacity:

40.00

Approximate Shelf Life:

2.0 years

Nospilling Feature:

Included

Case Design Type:

Sealed

Special Features:

Temperature range - minus 40 degrees c to 80 degrees c; weight - 38.2 lbs.; terminals - sae combinaion post with 3/8 inch female top thread

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
