**Overall Height:**

8.240 inches

**Overall Width:**

9.000 inches

**Current Rating:**

300.000 amperes

**Special Features:**

12 or 24 volts; 5500 amp surge current; -40 to 85 degrees c operating temperature; 300v, 60hz ac min. Insulation to ground; negative ground type; 1.25 v at 1000 amp peak forward voltage; 200v peak reverse voltage; blue anodized

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
