Terminal Quantity:

2

Terminal Type:

Straight post

Overall Length:

20.760 inches

Overall Height:

8.630 inches

Overall Width:

8.700 inches

Portability Method:

Handle on side

Commercial Battery Size Designation:

12 volt

End Application:

Battery 12vo elect system

Terminal Location:

Top

Ampere Hour Capacity:

210.00

Time Capacity In Hours:

20.00

Discharge Time In Minutes:

390.0

Cell Quantity:

6

Discharge Rate In Amps:

25.00

Voltage In Volts:

12.0

Special Features:

(inavy)battery, 12v, marine (drawing)battery, 12 volt, gpl-4d(gpl-4d)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
