**Terminal Type:**

Connector, female

**Overall Length:**

6.600 inches

**Overall Height:**

0.900 inches

**Overall Width:**

4.300 inches

**Battery Electrolyte:**

Lithium

**Contact Quantity:**

6

**End Application:**

1680-01-510-1596 survival system, aircraft personnel

**Terminal Location:**

Side

**Cell Quantity:**

12

**Voltage In Volts:**

14.4

**Special Features:**

Battery consists of (12) lithium ion rechargeable cells of 18650 size, assembled in a 4 series/3 parallel (4s 3p) configuration.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T139-a
