Storage Tempurature Range:
15.0/+45.0 degrees celsius
Unpackaged Unit Length:
597.000 millimeters
Unpackaged Unit Width:
197.000 millimeters
Unpackaged Unit Height:
122.000 millimeters
Component Quantity:
2
Product Name:
Replacement battery cartridge
Special Features:
Battery volt amp-hour capaci type 960; maintenance free sealed lead acid battery with suspended electrolyte, leaproof; enclosed cartridge;
color black; operating temperature o-40 deg. C.; storage elevation 0-15000 meters
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
Yes - demil/mli
Filg:
A23800
