Terminal Quantity:

2

Terminal Type:

Wire lead

Overall Length:

1.181 inches

Overall Width:

0.807 inches

Overall Thickness:

0.236 inches

End Application:

Back up sensor battery for air vehicle

Special Features:

Positive is brown, negative is black

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
