Overall Length:

5.700 inches

Overall Height:

0.900 inches

Overall Width:

3.000 inches

Special Features:

Voltage () 10.8v, voltage () 12.6v, operating temperature range - 32 degrees c to + 60 degrees c, storage temperature - 40 degrees c to + 70 degrees c, connector - bt design mating conenector p/n 35047, charge at 12.6 vdc, 2a limit, disposal - environmentally safe- contains zero (0) percent mercury or cadmium

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
