Terminal Quantity:

6

Overall Length:

5.860 inches

Overall Height:

3.500 inches

Overall Width:

3.500 inches

Battery Electrolyte:

Lithium

Approximate Shelf Life:

6.0 months

Cell Quantity:

1

Nonspilling Feature:

Included

Charge Indicator:

Included

Voltage In Volts:

10.8

Special Features:

Over/under voltage protection; over temp and over current protection; minus 20 to 80 c operating temp; thermal fuse

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
