End Application:

Orthopaedic trauma applications

Ampere Hour Capacity:

0.50

Voltage In Volts:

14.4

Special Features:

Battery type: nicd; working temp: 0 degrees to 50 degrees c; time: 40 minutes max

Special Test Features:

Synthes small battery drive system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
