Overall Length:

13.500 inches

Overall Height:

3.500 inches

Overall Width:

17.500 inches

Ventilation Design Type:

Venting accomplished through design

Battery Electrolyte:

Lead acid

End Application:

Ups system

Fording Feature:

Not included

Approximate Shelf Life:

6.0 years

Charge Indicator:

Not included

Electrolyte Level Indicator:

Not included

Case Design Type:

Sealed

Product Name:

External battery pack

Voltage In Volts:

48.0

Special Features:

Attached cable with blue 175 amp male dc connector; 2u rack/tower

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T139-a
