Terminal Type:

Any acceptable

Separator Material:

Any acceptable

Case Material:

Any acceptable

Battery Electrolyte:

Lithium

Portability Method:

Any acceptable

End Application:

5180-01-563-7474

Plate Material:

Any acceptable

Storage Type:

Temperature controlled warehouse

Case Design Type:

Sealed

Product Name:

Battery pack, li-ion, 0.8w, multirae series

Special Features:

Sealed lithium ion batteries condider: "dry cell"; in transporting protect from shor circuit; storing temp -20~35 degrees c, humidity: 4585%

Supplementary Features:

Specific gravity: 1.18-1.2 (electrolyte)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
