Product Name:

Rechargeable, lithium low battery

Voltage In Volts:

33.0 and -28.8

Special Features:

Weight: 3.1lbs, capacity: 9.6ahin, 24 v mode, discharge: 10a maximum continuous, operating temp: -20 degree c - +60 degree c, storage temp: -40 degree c - +40 degree c, stat of charge indicator: 2 separate 5 segment lcd w/ constant display

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
