End Application:

6117-01-618-5094

Product Name:

High energy density battery (hedb)

Special Features:

High energy density used to collect and store energy processed by greens controller. Quantity four used with on system. Greens gen ii.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T139-a
