**Mounting Method:**

Case

**Battery Quantity:**

22

**Component Controlling Agency:**

Radiant power corp

**Component Name:**

Battery assembly

**Component Identifying Number:**

Bt1 drawing no.

**Special Features:**

Nickel-cadmium batteries with temperature sensor wrapped in tubing placed in case

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T139-b
