Terminal Quantity:

2

Terminal Type:

Snap-on

Overall Length:

1.91 inches

Overall Width:

1.04 inches

Commercial Battery Size Designation:

9 volt

Contact Quantity:

2

Fording Feature:

Not included

Terminal Location:

Top

Cell Quantity:

6

Charge Indicator:

Not included

Electrolyte Level Indicator:

Not included

Integral Charging Facility:

Included

Product Name:

Rechargeable nimh battery

Voltage In Volts:

9.5

Special Features:

Battery capacity: 200mah; battery chemistry: ni-mh; recharges up to 300 times; operating temperature: -10 degrees c to 50 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
