Terminal Quantity:
2
Terminal Type:
Snap-on
Overall Length:
1.91 inches
Overall Width:
1.04 inches
Commercial Battery Size Designation:
9 volt
Contact Quantity:
2
Fording Feature:
Not included
Terminal Location:
Тор
Cell Quantity:
6
Charge Indicator:
Not included
Electrolyte Level Indicator:
Not included
Integral Charging Facility:
Included
Product Name:
Rechargeable nimh battery
Voltage In Volts:
9.5
Special Features:
Battery capacity: 200mah; battery chemistry: ni-mh; recharges up to 300 times; operating temperature: -10 degrees c to 50 degrees c
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T139-a
