Overall Length:

6.64 inches

Overall Height:

5.04 inches

Overall Width:

7.05 inches

Commercial Battery Size Designation:

12 volt

Contact Quantity:

2

End Application:

1940-01-633-1660

Ampere Hour Capacity:

28.0

Discharge Time In Minutes:

52.0

Charge Indicator:

Not included

Electrolyte Level Indicator:

Not included

Product Name:

Odyssey auto/lrv battery model pc925

Special Features:

Pulse (5-second) hot cranking amps (phca) 900; cold cranking amps (cca) 330; internal threaded brass terminal with m6 ss bolts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
