Terminal Type:

Screw

Overall Length:

6.309 inches

Overall Width:

1.731 inches

Battery Electrolyte:

Lithium

Contact Quantity:

9

End Application:

6675-01-633-3636

Product Name:

Battery, storage

Voltage In Volts:

7.2

Special Features:

Material: body - abs plastic, screw - heat treated steel; color: body - black, screw - brushed steel; 41.7 wh (watthour)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T139-a
