0.116 inches
Conductor Quantity:
2
Tracer Color:
Orange first tracer first conductorbrown first tracer all conductoryellow second tracer second conductor
Strand Quantity Per Conductor:
19 all conductors
Conductor Form:
Stranded all conductors
Round Conductor Size:
20 awg all conductors
Strand Awg Size Per Conductor:
32 all conductors
Conductor Arrangement And Quantity:
1 twisted together w/no outer covering
Voltage Rating:
600.0 root mean square (rms) operating voltage all conductors
Special Features:
Primary insulation conforms to I-p-403 type 3
Color:
White 1st position primary insulation all conductors
Material:
Plastic polytetrafluoroethylene 1st position primary insulation all conductors
Plastic polytetrafluoroethylene 1st position primary insulation all conductors Material Specification:
Material Specification:
Material Specification: Astm b298 assn standard single material response core conductor single conductor
Material Specification: Astm b298 assn standard single material response core conductor single conductor Precious Material And Location:
Material Specification: Astm b298 assn standard single material response core conductor single conductor Precious Material And Location: Surface all conductors silver
Material Specification: Astm b298 assn standard single material response core conductor single conductor Precious Material And Location: Surface all conductors silver Precious Material:
Material Specification: Astm b298 assn standard single material response core conductor single conductor Precious Material And Location: Surface all conductors silver Precious Material: Silver
Material Specification: Astm b298 assn standard single material response core conductor single conductor Precious Material And Location: Surface all conductors silver Precious Material: Silver Surface Treatment:
Material Specification: Astm b298 assn standard single material response core conductor single conductor Precious Material And Location: Surface all conductors silver Precious Material: Silver Surface Treatment: Silver core conductor all conductors
