End Application:

Electrical cable, cord, harnesses, leads, wire and assem

Product Name:

Single conductor, 1 hole mount, 1/0 str, 14 awg

Special Features:

Single conductor wire and cable, high temperature wire and high voltage wire, amps 14, gauge 20 awg, material tinned copper, insulation material silicone, jacket color white, temperature range minus 40 degrees to 302 degrees fahr, cut to length and price is for 100 or more feet and maximum continuous length 100 feet, ul recognized, 20, 000 vdc; od is 0.138 inches ; mfr model nbr adr11

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
